

UltraFine Reflex

The Oxford® UltraFine Reflex sling is made from a cushioned and breathable 3D woven ‘Spacer’ material with high air permeability, offering high levels of comfort. With counter-balance straps to the shoulder sections, this sling is particularly helpful where a patient is prone to moderate involuntary movement or extension. Integrated, low-friction rip-stop nylon to the leg sections ensures easier application.

- ✓ Head support and body belt provides added support and security
- ✓ Suitable for amputees following careful assessment
- ✓ Colour coded binding tab on top section to denote size
- ✓ Coloured attachment loops promote correct/safe positioning
- ✓ Modesty loop helps protect patient dignity during transfer
- ✓ Can be customised to fulfil patient specific needs
