

Comfort Access Padded

The Oxford® Comfort Access Padded sling, with head support, has been designed specifically to facilitate the toileting process, allowing easy access to clothing. For use in conjunction with a 4-point positioning cradle, the patented Securi3 clip system ensures no inadvertent detachment of the sling. It is not a general purpose sling and will only suit approximately 25% of clients.

- ✓ Fully padded with integrated head support for additional support
- ✓ Adjustable body belt for added support and security
- ✓ Non-slip back section ensures the sling does not 'ride up'
- ✓ Colour coded binding indicates sling size
- ✓ Positioning handles allow patient repositioning
- ✓ Can be customised to fulfil patient specific needs
